

IEC Compliance

Manufacturer : Rosco Laboratories, Inc.
Address : 52 Harbor View Avenue, Stamford, Connecticut 06902, U.S.A.
Tel : (203) 708 8900 Fax : (203) 708 8919 Email : info@rosco.com

Color Filters: Roscolux, e-colour+, Supergel, Cinegel,
OPTI-FLECS, Roscolene, GAM (Great American Market)

The International Electrochemical Commission's (IEC) Definition of Halogen-Free IEC 61249-2-21

- 900 ppm maximum chlorine
- 900 ppm maximum bromine
- 1500 ppm maximum total halogens

Further to:

Compounds of cadmium lead, mercury and hexavalentchromium, flame retardants PBB and PBDE included pentabromodiphenyl ether (CAS-No. 32534-81-9 and octabromodiphenyl ether (CAS-No. 325 36-52-0), have not been intentionally added during the manufacturing process. In the event that trace amounts of any of these chemicals are present, we would not expect the total of these materials to exceed the allowable tolerance levels.

Disclosure of above information. to the best of our knowledge, is based upon data from our raw materials suppliers or manufacturers. Please note that analysis of the raw materials and or Rosco Product/s for presence of the above-mentioned substances on a routine basis neither is a part of our quality control plan, nor is a part of Rosco Product specifications, hence shall not be construed as any warranty, expressed or implied.

Information provided in this document is based upon information currently available to Seller.
This document supersedes all earlier communications on the same subject matter.
